THE BIG IDEA...

January is a wonderful time of year! Warm weather, trips to the beach, BBQs and all those great things that come with summertime.

It's also the time of year where we pause our weekly instrument classes and offer a variety of other things for our students to participate in with flexible options.

Your Academy membership includes January, and we are excited to provide you with the following experiences, as well as ongoing access to our lesson portal and any new lesson content we add during the summer break.

Our students are welcome to attend any of the suitable options that we are offering at no extra cost.
Welcome to JAM-uary 2027!

PERCUSSION SESSION

Open to all academy students, this super fun workshop will give students the opportunity to play in a percussion ensemble.

Levi (our drum instructor) has prepared some grooves and challenges with a selection of parts so students can choose what they feel comfortable with and create some amazing combined rhythms! This will be very fun!

There will also be a variety of instruments you can play.
If you learn piano, guitar or drums, this will be a great opportunity!

Session Length: Approx 40mins (Q/A at the end)

Where: Musago Academy Guitar Room

Max Group size: 10

What to bring:
Water bottle, some ear protection.

IN THE STUDIO

This session is open to all academy students.

Zac will take you on a music production adventure as he shows how he goes from an idea, to a finished song. The goal of this session is to spark your interest in music production and provide a greater appreciation of the music we hear all around us.

This session will cover things like:

- The idea, goal, vibe and reference tracks.
- Notation software and “the sketch”.
- Propellerheads Reason, Recording live instruments, midi instruments.
- Arrangement, texture, dynamics.
- A few words on mixing, mastering, exporting and Ai tools.
- Q/A session.

Session Length: Approx 45mins (Q/A at the end)

Where: Musago Academy Guitar Room
Max Group size: 12

What to bring:
A curious mind.

PIANO JAM

Piano students can join this session and play a variety of parts of two popular songs:

- Always Remember Us This Way (Lady Gaga)
- The House of the Rising Sun

Hearing multiple parts at once is really cool and fun!

Jenny will provide students with the sheet music to all the parts in advance, with easy and more advanced parts. Students can choose the part they want to play and prepare it for the Piano Jam.

Play along tracks will be provided to help you, leading up to this event.

Session Length: Approx 45mins (Q/A at the end)

Where: Musago Academy Piano Room

Max Group size: 5, Current piano students

What to bring:
Your booklet and be prepared to play your part.

RHYTHM TRAINER

We’re really excited to release a new rhythm training course in the portal. This tool can be used by you, wherever you are and whenever you like - ideal for the holiday season!

Starting with the basics, you can tap, clap, sing or play your way through these levels and build your confidence with playing rhythms.

We have put a lot of effort into this because rhythm is so important - no matter what instrument you play.

And...We’ll be adding more levels over time!

Available:
From early December.

Where: Musago Academy Portal: RHYTHM TRAINER

More levels will be added over time.
