

MUSAGO

ACADEMY

Conditions of Entry & Expectations:

Our aim is to provide consistent, high quality and meaningful music lessons that allow our students to thrive. To do this we need your help.

Students:

- Please respect your instructors and coaches, they are here to help you succeed.
- Please treat this building and equipment with care and respect.
- Please be considerate of the other students in your class. This means helping them to have a great lesson too, not just you.
- Please practise during the week, even if it is 10-15mins per day, 3-4 days a week. Or more if you can manage it.
- Please remember to bring your armbands, books and whatever else you need for your class.
- Please aim to be walking into the building just before your lesson begins.
- Try to arrive with your instrument in tune, if this applies to you.

Parents and Carers:

- You are welcome to observe your child's lesson if space allows.
- Please supervise other children under your care if they are on site. We do have a waiting room you can make use of.
- Your child may need your support at home to develop a good practice habit. Be patient and encouraging, especially if they are just starting out.
- Please ensure your payments are up to date. Let us know if you need help.
- If your child is going to be absent for a lesson please let us know in advance.

In case of emergency:

Please follow Musago staff instructions and observe the emergency plan shown through out the building.

Thank you for your help!

The Musago Academy Team.
